Wildlife Care Internship

at the Chintimini Wildlife Center

The Chintimini Wildlife Center

The Chintimini Wildlife Center provides care for injured and orphaned wildlife with the goal of returning them to their natural habitat, and fosters a connection between people and wildlife through education. Chintimini is home to a wildlife rehabilitation clinic, a raptor conservation program, and an education program – all located right outside of Corvallis, Oregon.

Wildlife Care Intern Position Description

Interns work under the supervision of the Wildlife Rehabilitation Staff to provide care to rehabilitation patients in our clinic. Interns will learn skills for many different aspects of wildlife rehabilitation, including but not limited to: animal care, center and enclosure maintenance, public education, and horticulture. An approximate breakdown of those duties can be found below, but is subject to change dependent on the season and needs of the center.

Animal care: 50%

- Prepare species appropriate diets for patients, adhering to patient feeding schedules
- Monitor patient health and welfare, attitude, weight, appetite, etc. and maintain written records
- Assist staff with initial examinations, medical treatments, and other procedures
- Learn and utilize appropriate restraint techniques for a variety of native species
- Daily cleaning of enclosures and cages for patients
- General daily upkeep of rehabilitation center such as laundry, dishes, and other cleaning tasks as assigned
- Work to ensure the safety of all animals and humans at the center

Center and enclosure maintenance: 25%

- Assist staff with upkeep and restoration projects of indoor and outdoor enclosures

Horticulture: 15%

- Assist horticulture team with upkeep of grounds, including but not limited to weeding, clearing brush piles, maintaining pollinator garden, and building raised garden beds
- Collecting natural greenery from around the property for enrichment and dietary uses

Public education: 10%

- Admit new patients to rehabilitation center, including gathering patient histories and helping members of the public to complete admission forms
- Answer wildlife hotline calls and respond to questions from the public

Chintimini Wildlife Center offers three internship opportunities throughout the year: two thirteen-week sessions, and one fourteen-week session. Start and end dates for each session closely follow the Oregon State University academic calendar. Interns are required to work a minimum of 2-3 of the scheduled 4-6-hour shifts per week, depending on the session, and perform animal care duties on site.

There are two scheduled shifts per day, seven days per week. Start and end times for these shifts heavily depend on the time of year and our patient care needs. The clinic is open from 9am-5pm in the slow season, and 7am-8pm in the busy season. All interns must be available to work at least one weekend shift and one weekday shift per week. While all shift hours may be subject to change, Spring interns can anticipate moving from slow season hours to busy season hours as the session progresses.

Busy Season 6-hour shifts (applies to Spring and Summer Sessions): 7am-1pm and 2pm-8pm

Slow Season 6-hour shifts (applies to Spring Session): 9am-3pm and 11am -5pm

Slow Season 4-hour shifts (applies to Fall Session): 9am-1pm and 1pm-5pm

2025 Internship Sessions:

Spring Session: March 30th through June 29th, two 6-hour shifts per week, minimum of 12 hours per week.

Required Orientation: Saturday, March 29th, 1pm-3pm

Summer Session: June 15th through September 21th, three 6-hour shifts per week, minimum of 18 hours per week

Required Orientation: Saturday, June 7th, 1pm-3pm

Fall Session: September 14th through December 14th, three 4-hour shifts per week, minimum of 12 hours per week

Required Orientation: Saturday, September 6th, 1pm-3pm

Start and end dates for these sessions are not flexible at this time. Interns are expected to participate for the entirety of the session they apply for.

Qualifications

The ideal candidate will:

- Have experience with or strong interest in wildlife, rehabilitation, animal care, or animal husbandry
- Be flexible, energetic, and enthusiastic about wildlife
- Be able to follow directions carefully and have strong time management skills
- Not be afraid of getting dirty - Wildlife rehab is a messy job!
- Have or be working towards a degree in Biology, Zoology, Wildlife Conservation, or other related fields

Requirements

Requirements for all applicants include:

- 18 years of age
- Graduated from high school or received a GED
- Access to a form of transportation to and from CWC

Working Conditions

Duties will be performed on Chintimini's 9.4-acre property which includes grassland, wetland, riparian and deciduous bottomland forest habitats. Interns must be able to stand for long periods of time, and frequently lift 25-50 pounds. Interns will be working with/near live animals, so should be prepared for a job that is as messy as it is rewarding!

Compensation

This is an unpaid volunteer position, and participation in our internship program does not guarantee paid employment with us in the future.

College Credits

If approved by your college advisor, you may be able to earn credit hours in exchange for your time. One credit represents approximately 3 hours per week for an academic term. If this is something you are interested in, please indicate so in your application and begin discussing with your advisor **prior to your interview**. Interns are responsible for any and all paperwork involved, so be proactive in understanding and completing all requirements for earning credit.

How to apply

To apply, please fill out our online application form at <https://chintiminiwildlife.org/get-involved/internships/>. Please note that you will need to provide a resume, cover letter, anticipated schedule, and information for two references when completing the form. **While we may promote our internships through various channels like online job boards and social media, we do not accept applications through these platforms. Applications sent through any process other than as described on our website will be ignored.**

If you have any questions about this position, contact our staff via the info below.
